Asynchronous Work Expectations

The work completed on Code Orange days is optional and does not provide any new learning or instruction by the teacher. As there is no live Zoom, each teacher will have a menu of assignment options on their Canvas page. These menus may include items such as: work on Lexia, IXL, DreamBox, reading, writing, or time to work on on-going projects, missing assignments, or to prepare for upcoming assessments and retakes. Although the work is optional, we do highly encourage every student to participate in both the asynchronous work and the office hours. We recommend that each elementary child spend at least one hour on the tasks and each middle school student spend at least one and a half hours. Going past that time is encouraged, and we look forward to seeing the progress you make on these days!

Please contact your teacher with any specific questions! Thank you for your patience as we roll this out!
